CORNELL SWEEPS THE HUDSON

First in All Three Races-Columbia Second, Syracuse Third in Varsity-New Record by Ithacans in Two Events-Games in the Big Leagues.

Poughkeepsie, N. Y., July 2.—This was Cornell's day on the Hudson, as decisively as yesterday was Harvard's on the Thames. Her stalwart crews made a clean sweep of the fifteenth annual regatta of the intercollegiste Rowing association, just as those of her sister university in New England triumphed over Yale in all events at New London yesterday. But Cornell did more than defeat the crews of four other universities represented in today's races; she established two records for the two mile course, one in the freshmen eight oared race.

Altogether it was a great day for the collegians from Ithaca-on-Cayuga Lake, and tonight they are celebrating in true Cornell style.

New Record by Cornell.

The four cared race came at 3 of a thousand whistles. Cornell had swept the river and tonight Cornell owns the streets of Poughkeepsle. Charles E. Courtney, Cornell's vetcrews were coming out for their start. There was no delay and at 5.18 the starting gun boomed on board the stewards yacht Gretchen.

Pennsylvania First to Lead. Pennsylvania First to Lead.

Five sets of oars caught the water simultaneously and five shells shot through the smooth surface of the river on even terms. There was no advantage in the start and for a moment the bows of the shells measured evenly. Pennsylvania got her stroke first and for a very brief spell poked her shell in front, with Wisconsin and Cornell a foot behind, and Syracuse and Columbia close up. Scarcely had the crowd had time to say "Pennsylvania is a member of the team who died Friday morning.

As they passed the half way mark Columbia decided to show her strength. Bringing up their stroke from 34 to 36, the eight brawny backs crept up on Syracuse, cutting down their lead foot by foot.

Cornell saw the onward sweep and

Many Yachts Missing.

There was a noticeable absence of smarf river craft, but the crowds of collegians did not lack in enthusiasm and the ability to make themselves heard. The observation train that carried thousands along the river as the races were rowed was a blaze of color with the blue and white of Columbia predominating, though Syracuse But Columbia was not to length to a length and a half over Syracuse strong in numbers and of voice. Cornell, too, had a goody following that made itself heard. Pennsylvania's sons cheered her as best they could under the depressing effects of a poor showing, and even Wisconsin's unfamiliar yell was heard often. Cornell's sweeping victory was not unexpected, but in the 'varsity eight race Cornell met a stubborn and unexpected ontestant in Columbia, and it took all the stamina and great rowing strength of her crew to pull the bow of their shell across the finish line a scant length in the lead. In the four oarred race Cornell won easily, three lengths ahead of Syracuse, and in the freshmen eight by a length, also from Syracuse.

Cornell pulled away until a streak of pen water showed ahead of Columbia. The unofficial time in the freshman race was 9.14. Thus Cornell lowered two records for the course, the four cared by 14 2-5 seconds and the freshmen eight by 16 2-5 seconds. A strong wind and a favorable tide was partry responsible for the fast time made in the first two races. FINANCIAL AND COMMERCIAL.

TROWN & PERKINS, Attorneys at Law VIRTUAL STAGNATION.

Three-Day Holiday. New York, July 2.—The stock market today was a trivial affair comparatively both in the volume of the dealings and in the feeble fluctuations of prices. The imminence of a three-day holiday interval left the speculative element indisposed to take chances of accidents happening during that period. News developments received little attention. The undertone was very firm and the waiting attitude of the speculation was coupled with an apparent determination to cling to present stockholdings. Today confirmed the conviction that the money market was secure against even a ripple of disturbance from the progress of the July settlements. Call loan rates here were easier than yesterday in spite of the stock markeet demand to carry over until next Tuesday. The to carry over until next Tuesday. The inflow of cash from the interior con-tinues larger than the gold outgo and tinues larger than the gold outgo and a prospect of additional gold exports was regarded, therefore, with indifference. There was a group of stocks of small bankrupt railroads with reorganization plans being worked out which showed acute weakness and fell rapidly towards the point of extinction of value. Chicago Great Western, for instance, sold as low as 1 1-2. The local traction stocks, facing reorganization also made violent declines. The general market was comparatively ungeneral market was comparatively un-disturbed by this center of weakness, though some check to an earlier up-ward tendency was perceptible. The disturbed by this center of weakness, though some check to an earlier upward tendency was perceptible. The signs of fright amongst cotton buyers which were caused by the publication of the government's estimate of condition of that crop, were equally ignored. The advance in Union Pacinic was helped by the report that the company had sold its allotment of the news of Northern Pacific convertible bonds to which it was privileged as a Southern Pacific stockholder to subscribe at 26. These bonds advanced today to 104, a record price. The Lackawanna "melon cutting" was assighed as the ground for the special strength in Reading. Copper rose in the London market today and this gave some benefit to the copper industrials. The market was in a state of virtual stagnation at times and closed easy. Bonds were irregular. Total sales, par / value, \$4,674,000. United States two registered, the threes coupon and the fours coupon have decided 1.4 per cent on eall during the

Guaranted by The Lee & Osgood Co. Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbor's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading drugglets. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
